Footnotes	*When doing the bathroom, powder room and toilet, use the super spray on the, shower, bath, sinks, mirrors, toilet and other surfaces.	*When cleaning the Bathroom, powder room and toilet, do a thorough job and NOT a quick clean.	*If you are on the library and you don't know where to put the books, just put them in a neat pile on the floor and Mum will do them.	* The hallway must be swept or vacuumed and the linen must be folded and put away.	* In the dining room you must sweep the floor beneath the table, that is NOT the table clearer's job.	* Deck, Verandahs and Yard MUST be done. If you are on them it does not mean you have no job to do.
